

CAIP Innovative Attitude Change Project Proposal - Advancing Access and Inclusion

Project Title: Educational Reforms
Submitted by: rilind Dragoshi
Sector Targeted for Attitude Change: Youth <input type="checkbox"/> Employers, <input type="checkbox"/> Youth (preschool – Grade 12), <input type="checkbox"/> Community (geographic community or community of interest)
Specific Audience To Be Reached: Everyone)
Specific Attitude To Be Established: Understanding that there are many activities people with disabilities can do.
Geographic Reach: Across Canada.
Project Description Summary: The project would include a program in which many different changes and or even quick lessons can take place in the education system, so as to help students understand how inclusion can take place in society, by participating in activities jgr. These changes could include:: A. Sign language courses as electives (both descriptive and-or otherwise.) B. Teaching a bit about assitive technology, in Tech chrses, even something as simple as, here's how a blind person uses an Iphone, follow the fellowing steps, and you can turn voiceover on" etc.) C. Including goalball, wheelchair racing, and other accessible sports once in a while in a gym course.
Project Outcomes: To have a school in each region interested.
Project Lead and Partner anyone.
